

# Extreme Lifestyle Makeover

## Week #9 - Session Outline Pot Luck and Completion Certificates

### **Materials consultant needs to have for this session:**

Paper plates, napkins, plastic forks and a case of water. Certificates of program completion, extra copies of the Program Evaluations, and all homework assignments (if you collected any).

As the pot luck is going on, congratulate everyone for completing the program. Hand out all certificates.

Ask those people who did not fill out an evaluation form yet to please do so before they leave.

*Explain that this information is very important, as it helps us to make improvements to the programs we develop in the future.*

Please be sure to leave the room clean and tidy - as you found it.
