

Do you need some support funding your kids' activities?

WE'RE HERE TO HELP! | APPLY TODAY!

What is it?

As an extension to wellness at the workplace, EWSNetwork has created a bursary program to encourage activity within families! This program is available to any child whose families are employed by companies that have EWSNetwork wellness programs. Don't have any children? Any child may be nominated provided the nominator is from an EWSNetwork client. Chosen children will receive up to \$300 for registration costs to their favorite sport or activity.

Reasons Why

Promoting wellness and encouraging movement is so important for our kids. Remember kicking your first soccer ball, playing in your first tournament, or joining your first team? We want to help your children, or children you know, achieve those same amazing benefits. Let's MOVE!

Sponsor a Kid

Are you interested in helping us support even more children? Individuals and companies are invited to sponsor a child for \$300 with 100% of all funds going directly to benefiting the athlete.
