Effective Wellness Programs impact employees professionally and personally and clearly contribute to establishing a Culture of Caring

6 in 10 Canadians believe their employer has some responsibility in ensuring their good health. Research shows that companies that invest in employee health and wellness enjoy valuable returns...

Organizations with effective health programs report **11%** higher revenue per employee, **1.8** fewer days absent per employee per year, and **28%** greater shareholder returns.

Employees that participate in workplace wellness programs are more satisfied in their jobs - **70%** - than those who don't participate in the programs.

91% of workers at companies led by leaders that support well-being efforts say they feel motivated to do their best at their jobs.
